HIGH SCHOOL ATHLETES FROM LINCOLN COUNTY CARRY OFF HONORS EASILY IN LOCAL MEET

LOCALS FINISH FOURTH

APPLETON STUDENTS CAPTURE SECOND PLACE AND WAUSAU LANDS THIRD

The Merrill High school track and field team was an easy winner in the annual central Wisconsin track and field meet held at the fair grounds Saturday afternoon under the auspices of the State Normal school. Merrill athletes scored a total of 56 1/2 points against 27 for Appleton, winner of second place. Wausau finished third with 17 1/2 points, Stevens Point fourth with 16 points and Neenah last with none.

Two Records Broken
Two central Wisconsin records were broken, one in the shot put and the other in the discus throw. In the shot Stange of Merrill established a distance of 41 feet three inches, breaking the record of 40 feet eight inches hung up by Ovrum of Wausau in 1916. Stange also broke the discus record with a throw of 106 feet eleven inches, this being one inch farther than the past record made by Hess of Wausau at a past meet.

Individual Winner
Tantrow of Merrill won the individual cup, scoring the largest number of points of any one man. Tantrow made 19 points in all. The winning team has been awarded a trophy cup which becomes the permanent possession of the school winning it twice. This cup was offered as a prize for the first time this year. A second trophy cup, the permanent possession of the school winning it once, was also given to the Merrill team. Prize cups were awarded the winners of first place in each event and ribbons awarded for second and third places.

Fifty-two athletes competed for honors in all and they were banqueted at Nelson Hall Saturday evening, together with their coaches and officials, 85 men being in attendance. Following the meal the prizes were presented and the remainder of the evening spent at the Normal gymnasium.

MRS. GENEVIEVE ANDREWS, WHO SPENT ALL OF HER LIFE IN STEVENS POINT, ANSWERS CALL

Mrs. Genevieve Andrews, widow of the late J. D. Andrews and a lifelong resident of Stevens Point, died at the home of her daughter, Mrs. Robert Jucheneh at 525 McCulloch street at 5:30 o'clock Sunday evening after an illness with heart trouble and complications extending over a year's time. The deceased, whose maiden name was Genevieve LaMere, was born on what was known as the La Mere estate which was at the foot of Main street, on March 12, 1851, and was therefore 69 years, two months and four days of age. With the exception of a few months spent at Auburn, she had been a continuous resident of Stevens Point.

The marriage of Genevieve La Mere and J. D. Andrews occurred in this city in 1870. Mr. Andrews died at his home in this city on May 30, 1909. For the past eight years the widow had made her home with her son-in-law and daughter, Mr. and Mrs. Robert Jucheneh.

Eleven children were born to the late Mr. and Mrs. Andrews, eight of whom survive. They are Mrs. Saul Godin of New London, Mrs. Joseph Shepreau of Milwaukee, Mrs. Adolph Shauette of Eau Claire, Louis I. Andrews of Milwaukee, Maine, David Andrews of Rhinelander, Mrs. Robert Jucheneh of Stevens Point, Mrs. Hugo Horst of Chilton and Frank Andrews of Rhinelander.

Funeral arrangements have not been made, pending word from a number of the children. The late Mrs. Andrews, who held a wide circle of friends among many of the older residents of Stevens Point, was a member of the Church of the Intercession of this city.

ANNULS MARRIAGE OF BROTHER AND SISTER

STRANGE TANGLE IS UNRAVELED IN MILWAUKEE COURT BY ORDER SETTING ASIDE THE UNION

One of the queerest marital tangles in the state's history was unraveled at Milwaukee Saturday, when the marriage of Edna Cooper to Richard Cooper, alias Arthur Lehman, which took place at Waukegan, Ill., on August 17, 1917, was annulled by Circuit Judge Halsey. Cooper and his wife are brother and sister, the state contended, and the husband is now serving a sentence of seven years in the state penitentiary for unlawfully marrying.

The case of the Coopers was brought to light by state authorities. The woman was formerly a ward of the state. She had no recollection of her parents and lived with a Milwaukee couple from the time she was four years old. Mrs. Cooper said she and her brother had been separated while infants and at the time of their marriage did not know he was her brother. They have two children, both born before the marriage of the couple.

When they were first arraigned in court Cooper was sentenced to prison and the woman put on probation. Later she attempted to gain her brother's release by filing affidavits of an aged couple who swore she was their daughter but denied they ever had a son. They were subsequently fined \$100 for perjury and Mrs. Cooper sentenced to the county jail for 90 days for violating her probation. Mrs. Cooper testified her brother "was a good husband" and maintained he is not her brother.

Mrs. Cooper is now working at the home for dependent children at Wauwatosa, where her children are being cared for.

GOVERNOR PROCLAIMS AMERICAN LEGION WEEK IN WISCONSIN

The following proclamation has been issued by Gov. E. L. Philipp of Wisconsin:

"Millions of young men who responded to the call of the government to join the colors during the late war have returned to civil life. The fact that they so willingly answered the call is sufficient proof that they are true and loyal friends of the American government and stand ready to defend it against its enemies both within and without our country. This will be a source of great strength to our government.

"If this great force of fighting men will perfect an organization as did their predecessors, the soldiers of the Civil war, who organized the Grand Army of the Republic, it should not be a mere political organization, but one ready to defend our country and its institutions at all times. It should keep itself free from political factionalism and stand for law and order and justice to all men.

"I have the assurance that such is the purpose of the American Legion and I heartily indorse its efforts to perfect its organization. Our present economic conditions have produced a fertile field for mischievous agitators who wish in some way to break down our fundamental law and destroy the magnificent government which our fathers established for us.

"It is a good time to hoist our colors high and promote the true American spirit that will safeguard this republic during these trying times when the world is threatened by revolution. The American Legion, with the principles and ideals that it stands for is well equipped to preserve the true American spirit and I feel confident that its efforts will have the public approval.

"It is the purpose of the legion to devote a week to the work of increasing its membership and I therefore declare May 17 to 22, both inclusive, as American Legion week and I ask that the people of the state give our returned soldiers and sailors every possible encouragement in order that their efforts may be crowned with success."

LOCAL NINE DEFEATED

WAUSAU WINS A ONE-SIDED GAME FROM LOCALS AT WAUSAU SUNDAY

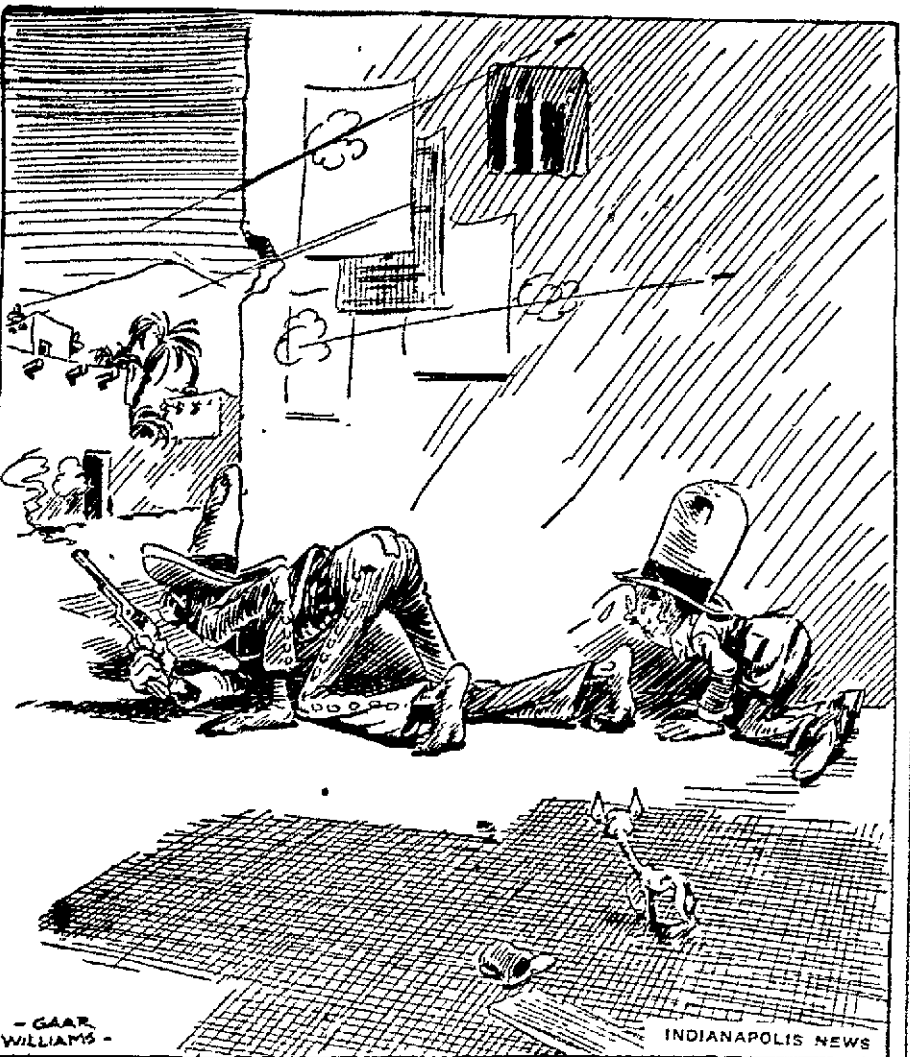

Failure of four players to report for the Stevens Point-Wausau baseball game at Wausau on Sunday resulted in a one-sided defeat for the locals, who lost by a score of 21 to 2. Their absence made substitution of less experienced men necessary, with the result that the team failed to hit its stride. Among the missing was Reeths of Marshfield, a catcher. Wausau scored without difficulty throughout the contest. The management of the local nine is far from discouraged, however, and promises that this city will still be represented by a team well able to cope with central Wisconsin opponents. The personnel of the Wausau team of Sunday is practically the same as Wausau's team of last season which twice went down to defeat before the locals, and a later season game may be a reversal of the outcome of Sunday's contest.

Sidney Eagleburger and Foster and Vrobel comprised the local battery. Eagleburger was handicapped by recent illness. Foster is a second baseman and Vrobel, who caught, has been playing left field in practice.

LOCAL CAR STOLEN BUT IS RECOVERED

TOURING CAR OWNED BY JUDGE PARK TAKEN FROM IN FRONT OF STRAND THEATRE FRIDAY EVENING

A seven passenger Buick touring car owned by Judge Byron B. Park was stolen from in front of the Strand theatre Friday evening between 7:30 and 8:45 o'clock and was found next morning parked at the intersection of Franklin and First streets, where it had been abandoned some time during the night.

The car had been left in front of the Strand by Lyman Park, a son of Judge Park, who attended the first show of the evening in company with a friend. Discovery that the car had been taken was made at 8:45 o'clock at the close of the show.

Judge Park immediately communicated with Sheriff Bluet of Wood county at Grand Rapids, who conducted a search for the machine in Grand Rapids, Port Edwards and Nekeosa, but without results. It was believed that local young men might have taken the car to the latter place, where the opening of a dancing pavilion occurred Friday night. Chief of Police John S. Hofsoos also began an investigation at once in an effort to locate the automobile in other cities. Within an hour's time a detailed description of the stolen car had been telephoned to Wautoma, Wauwapa, Fond du Lac, Oshkosh, Neenah, Menasha and Marshfield.

Night Officer John L. Frymark, when going to his home at 7 o'clock Saturday morning, noticed a car which answered the description of the stolen machine, standing at First and Franklin streets. He immediately reported to Chief Hofsoos, who in turn notified Lyman Park. The car proved to be the one which was stolen. At the time the automobile was taken it held only about three gallons of gasoline. The gasoline tank was found to be practically empty Saturday morning.

Chief Hofsoos is working on the case in an effort to determine the identity of the thieves.

CHURCH TROUBLE GETS INTO COURT

NEW HOPE NORWEGIAN EVANGELICAL CONGREGATION HAS HARD TIME OUSTING ITS PASTOR

IMMORAL CONDUCT CHARGE

COMPLAINT ALLEGES REV. N. F. KILE REFUSES TO VACATE PROPERTY

The congregation of the New Hope Norwegian Evangelical Lutheran church of the town of New Hope, Portage county, has appealed to civil authorities for redress in a controversy with Rev. N. F. Kile, who refuses to be ousted as pastor of the church and, it is alleged, continues to occupy property belonging to the congregation without the consent of the congregation.

Thomas Thompson, a resident of Waupaca county and a member of the New Hope congregation, is named as co-defendant in the complaint, which first came up in county court for Waupaca county. The complaint, which was filed pursuant to authority of the congregation and board of trustees, and was signed by Ben Halverson, O. J. Aarnrud and John H. Howson, trustees, sets forth that the New Hope church and the Norwegian Danish Evangelical Lutheran church of the town of Alban, Portage county, for more than 20 years maintained a pastor under joint contract and at joint expense, the salary consisting of \$1,000 annually, the use of the parsonage and 50-acre farm of the New Hope congregation and revenues from special services. Rev. Mr. Kile was called to the pastorate of the two churches in March, 1917, and soon afterward entered into possession of the New Hope congregation's farm and parsonage.

Immoral Conduct Charged
"For some time prior to October 7, 1919," the complaint alleges, "there had been quite serious charges of immoral conduct preferred against said defendant Kile that culminated in a request to him from said Alban congregation, made October 7, 1919, for his resignation." Rev. Mr. Kile, in response to the request of the Alban congregation, resigned as pastor of that congregation. The New Hope congregation, it alleges, made a similar request to Rev. Mr. Kile on October 8, 1919, but it sets forth, Rev. Mr. Kile persisted and still persists in the occupation of the congregation property and in attempts to minister to the congregation.

Vote Against Pastor
The meeting of the New Hope congregation on October 8, 1919, was adjourned from time to time without definite action, the complaint further states, the great majority of the plaintiff's members in the meantime refusing to attend services conducted by Rev. Mr. Kile. Finally, on March 18, 1920, a new meeting was held, at which Rev. Mr. Kile was present. It was then voted by the congregation, 90 to 46, the complaint said, that Rev. Mr. Kile immediately cease to minister in the church and vacate the farm and parsonage not later than Mar. 1. The congregation took this action, the complaint states, because Rev. Mr. Kile's contract was at an end by reason of his resignation from the Alban church and because he is "an improper person by reason of said alleged immoral conduct."

Claim Locks Broken
Continuing, the complaint says that after notifying Rev. Mr. Kile of the action taken against him, the proper officers of the congregation took possession of the church and closed and locked it, intending to exclude Rev. Mr. Kile. Then, it is charged, Rev. Mr. Kile and Thomas Thompson, co-defendant, without consent of the plaintiff, "surreptitiously broke the locks on the doors of said church and attempted to hold services therein." The plaintiff, it is alleged, again caused the church to be closed and locked but the defendant and co-defendant broke the new locks and carried them away and attempted to again hold services. It is also alleged that Rev. Mr. Kile and Mr. Thompson threatened to continue doing this as often as the plaintiff locked the doors of the church, "greatly demoralizing the Christian morale" of the plaintiff's members.

Church Withdrawing Pastor
In the meantime, during all the trouble between Rev. Mr. Kile and the New Hope congregation, the Alban church has been without a pastor, except such as volunteer from other churches, the complaint states. The New Hope church, it is claimed, can-

STORING POTATOES

DIVISION OF MARKETS TELLS FARMERS HOW IT OUGHT TO BE DONE

The new method of storing potatoes which Director Nordman of the Division of Markets went to Pennsylvania to investigate has awakened much interest throughout the state and the Division of Markets is receiving letters daily from farmers and warehousemen asking for details of the methods. The new plan was devised by L. A. Marble, a farmer of Canton, Pennsylvania, and Mr. Marble has prepared a brief description of his plan which has worked so successfully. "Short as the potato threatens to be this year," writes Mr. Marble, "the short crop, if carried in proper storage, will feed as many mouths as the full crops of former years." Here is the storage plan as described in detail by Mr. Marble:

"The fundamental principle of operation of our storage cellar is that temperature, humidity and ventilation are the three controlling factors which determine the keeping qualities of potatoes.

"By storage in the right temperature, the right humidity and the right ventilation, it is possible greatly to lengthen the dormant period and to insure the potatoes keeping without loss of freshness, firmness, juiciness and seed propagating qualities at least as late as the first of June in all of the northern states.

"Moreover, we find that the proper temperature in which to store potatoes—the most desirable temperature—is the temperature of the earth itself, just under frost, and that the proper humidity in which to store potatoes is the natural humidity of the earth.

"In constructing our storage warehouses we have built cellars rather than above ground structures, and have built the cellars with walls which conduct the earth temperature and the earth humidity, and have left the bottom of the cellar an earth bottom, so as still further to assist in maintaining throughout the cellar the temperature and humidity of the earth itself.

"It is well known that the line of frost does not go below two or three feet in most climates in fields and the earth that is not traveled on.

"We, therefore, provide our cellars with an earth cover of from two to three feet, so as to protect the cellar from the influence of frosts.

"The ventilation of a potato storage cellar does not follow the same rules as the ventilation of an ordinary room. In an ordinary room an open window results in a thorough circulation of air through the room. In the storage cellar it is necessary to do something more than to cut a hole in the roof. Cutting a hole in the roof does not bring about a movement of air in the cellar. The cellar air is cold, and cold air is heavy. Heavy air does not rise, nor does the warm outside air penetrate into the cellar through the roof holes to any extent. For the proper ventilation of a potato storage cellar it is necessary to have, in addition to holes in the roof, ventilating openings near the bottom of the cellar extending out through the earth fill."

BEFORE HIGHWAY BOOBY BIG BRIDGE PROGRAM

Madison, May 15.—In addition to the millions of dollars worth of road construction which the Wisconsin Highway commission has before it for 1920, it has the job of building in all about 136 bridges of various sizes, which will cost somewhere about \$750,000. These bridges form a part of the highway construction and are scattered throughout the state.

THE SCRUB MUST GO

About a year ago a campaign was started to rid Portage county of its scrub and grade bulls. During the past year we did not succeed in eliminating all the grade and scrub bulls but did succeed in replacing quite a number. At the beginning of this drive one year ago a census of all bulls in the County showed that only 38% of them were pure bred. Do you see the result, it means that a large percentage of calves born in this county are scrubs. Do you really know any one who wants to raise or buy a scrub calf? You may not be using a scrub or grade bull but if you know of any of your neighbors who are using one, it is your duty to show him the error of his way. If you talk to him you can convince him that:

No man in Portage County is too poor to own a pure bred bull.

No man in Portage County is too poor to buy a pure bred bull to-day.

No man in Portage County is so rich that he can afford to own a scrub.

Do not hesitate to call on us. We want to loan as much money as possible where it will do the most good to the people of Portage County, and particularly are we anxious to loan it where it will help to improve Portage County live stock.

FORM NEW SPEED CLUB ASKS LAW FOR STOPPING SPUDS

WEYAUWEGA MARSHAL DE CLARES WAR ON MOTORISTS WHO DRIVE TOO FAST

Weyauwega has fallen into line in the war against speeding motorists. A speeders' club formed there a few days ago when 10 drivers of cars belonging to a Minneapolis concern drove through the village at a speed beyond the limit fixed by law. The marshal telephoned to Waupaca to have the men stopped, secured warrants and went to Waupaca himself, where he collected \$133, after which they resumed their journey. Two young men from Iowa, joined the club a day or two later, paying an assessment of \$29. The Weyauwega officials are credited with the following statement:

"For the benefit of those who think they can get away with this speed stuff, we wish to say that we meant business when we issued our final warning about speeding. No favorites will be played. All speeders look alike to the marshal."

COMMISSION ISSUES NEW HIGHWAY MAPS

SHOW COMPLETE HIGHWAY SYSTEM OF WISCONSIN AND GIVE MUCH OTHER VALUABLE INFORMATION

Madison, May 15. — What is said to be the most complete highway map for tourists ever published has just been issued by the Wisconsin highway commission. The new map shows the complete state trunk highway system, including the additions made in 1919, the other principal highways and much other information is now available.

Former Wisconsin highway maps set a new standard, but it is believed that this new map is a marked improvement over previous issues. The state and adjoining territories in Illinois, Iowa, Michigan and Minnesota are shown on eight separate map sections, making inspection easy under all conditions. One of the new features is the distance finding table which shows at a glance the distance via the state trunk highway system between any two of 80 principal distribution centers. This is unique in highway maps and is of great practical value. These maps are on sale by the superintendent of public works, Madison, Wis., for 25 cents each, five for \$1.00—greater quantities at still lower prices. Dealers in many places also handle them. Every automobile owner doing any long distance traveling in Wisconsin and environs will find this map to be invaluable. Larger scale mounted highway wall maps are also being prepared and will be on sale in a few weeks at \$2.00 each.

This includes a complete system of mains. The plant will be submitted to a test run of 30 days after its completion, and if found satisfactory will be accepted and become the property of the People's Gas company of Marshfield.

ASKS LAW FOR STOPPING SPUDS

STATE MARKET DIVISION WANTS SPECIAL CALL OF LEGISLATURE TO INCLUDE THE POTATO QUESTION

PRODUCT MARKETING EARLY

WOULD GIVE MUNICIPALITIES AUTHORITY TO CONSTRUCT STORAGE WAREHOUSES

Madison, May 14. — That the call for a special legislative session include the matter of authorizing municipalities to construct warehouses for the storage of potatoes is the recommendation of Gov. E. L. Philipp by the division of markets in its report on the hearings held in Milwaukee relating to the marketing of Wisconsin potatoes.

On Market Early

The report shows that the bulk of the 1919-20 crop was sold by the farmers in 1919 before the high prices struck the market. Thirty-three per cent of Wisconsin potatoes were shipped during the first four weeks, following September 30, while over a half of the crop went on the market before December 1.

That the Wisconsin farmer this season has not held his potatoes back from the market but has, on the contrary, sent them on the market earlier than in preceding years, is proved by figures submitted by Joseph Becker, agent of the United States department of agriculture and witness at one of the hearings.

Shipment Figures

The per cent of the crop remaining to be shipped on November 1 was 49 for the 1919 crop, 63 for the 1918 crop; 62 for the 1917 crop. On December 1, it was 35 for 1919; 32 for 1918; 54 for 1917. On January 1, it was 27 for 1919; 44 for 1918; 48 for 1917. On February 1, it was 14 for 1919; 32 for 1918; 48 for 1917. On March 1, it was 10 for 1919; 24 for 1918; 32 for 1917. On April 1, it was 6 for 1919; 14 for 1918; 21 for 1917. On May 1 it was 2 for 1919; 7 for 1918; 1 for 1917.

The division of markets suggests central warehouses, such as exist in some communities in Pennsylvania, properly equipped to store potatoes intended for consumption in Wisconsin, to take place early in the season before winter road conditions and car shortage set in and before abnormal price rises can creep in to disturb the market. Attention is called to the fact that the maximum price to growers before November 1, this season, was \$1.05 per bushel or \$1.75 per hundred.

Will Avoid Shortage

The report continues "The suggestion that the municipalities be authorized to establish warehouses does not necessarily mean that the city itself shall buy and sell the potatoes which it stores. The recommendation forwarded to the governor is confined to the matter of constructing warehouses which will provide the required storage facilities and place potatoes at the disposal of the community at a time when it is difficult to transport them and when, in the event of a short crop, the winter and spring supply may be depleted.

Warehouse at Waupaca

"It is not contemplated that municipally controlled warehouses shall constitute the exclusive storage facilities for potatoes in Wisconsin. It would be highly desirable, if warehouses were established by railroads both at terminals and at principal shipping points, such as Waupaca and Bloomer. The allotment of storage space in warehouses operated by common carriers would be subject to state control in order to assure equitable distribution and to regulate the rate of storage charge."

LAND CASE IN COURT

ACTION RESULTING FROM DISPUTE OVER LINES IS CALLED FOR TRIAL

An action resulting from a dispute over land ownership, with Martin Pionke as plaintiff and Nelson Washburn as defendant, was called for trial in circuit court Monday morning.

The plaintiff and defendant have adjoining farms in the town of Almond and Mr. Pionke alleges that the lines on two sides of Mr. Washburn's farm are not correct. The plaintiff challenges the allegation that the lines are incorrect and further contends that having held possession of the property for more than 20 years the land is his under the statute of limitations if for no other reason. The following jury was drawn to serve in this case: Theodore Dimka, J. R. McKinlay, Walter Welch, Art Shelnub, Tom Olson, Joseph Mailek, C. W. Whitaker, Henry J. Finch, Edwin Wrosted, Morris Johnson, Sevrin Loberg and Ed. Isherwood.

SERVICE AT WAUPACA

The annual Ascension Day service of Crusade Commandery No. 17, Knights Templar of this city, will be held at the Methodist Episcopal church at Waupaca tomorrow. The commandery members will assemble at the Masonic hall at Waupaca at 2:30 o'clock in the afternoon, in Templar uniform, and will march to the church. The pastor, Rev. Charles E. Coon, will deliver the sermon. A number of commandery members from Stevens Point will attend, as well as delegates from other places.

BETTER LIVE STOCK ON COUNTY FARMS

MANY FARMERS PURCHASE PURE BRED AND HIGH GRADE ANIMALS THROUGH FIRST NATIONAL BANK

Rapid strides are being made by Portage county farmers in improving the quality of their livestock. The realization that it is just as cheap to keep good stock as it is to keep stock of an inferior quality and that the profits from good stock are far in excess of the profits from scrubs is sinking in and as a result 1920 will be a big year for the better-stock campaign. The First National bank has placed many purebred and high grade animals with farmers in the last few weeks. Among those who have made purchases through the bank is J. M. Noble, who has a big farm in Eau Claire. Mr. Noble has purchased King Alcatraz De Kol Wayne, a registered purebred one-year-old bull of the Holstein breed. The sire of this animal was King Alcatraz De Kol Pontiac Angie and his dam was Snowball Ormsby Wayne De Kol. Mr. Noble also purchased a registered purebred Holstein cow and heifer. All of his purchases were made from Emery Howe, Monroe, Wis. Mr. Noble has been handling grade Holsteins and he is now embarking in the purebred field. His son, Harry Noble, who lives with him, is also a booster for Holsteins and has purchased two registered purebred heifers.

Hawley Cieslewicz, an enterprising young farmer of Alban, has purchased through the First National two registered purebred Holstein heifer calves and is going in strong for purebreds. Carl Callows, Stevens Point, route 4, has purchased through the bank a registered purebred Chester White gilt. John Patula, Stevens Point, route 7, has purchased a bred registered purebred Berkshire gilt. George Simpser, Stevens Point, route 4, has purchased a bred registered Duroc Jersey gilt. Fred Giese, Stevens Point, route 4, has purchased a bred registered purebred Duroc Jersey gilt. John S. Moss, Milladore, has purchased a high grade Holstein cow. J. W. Hensel, Stockton, has purchased a bred registered purebred Shorthorn heifer.

Nick Pionkowski, Amherst Junction route 1, has purchased a registered purebred Duroc Jersey boar.

A Clendinning, who recently purchased 33 high grade Shropshire ewes, one year of age, through the First National, has just purchased a registered purebred Shropshire ram.

AGENT IS DELAYED

WILL COME IN JUNE

SERVICES OF MINNESOTA MAN ARE NEEDED A FEW WEEKS LONGER TO HELP PUT ON BIG MEMBERSHIP DRIVE

W. W. Clark of Caledonia, Minn., Portage county's agricultural agent elect, cannot come to Stevens Point to begin his new duties as soon as planned. In a letter to a member of the agricultural committee he says:

"I have been planning to get on the job at Stevens Point the last of this month. However, our Farm Bureau here is planning a membership drive the first and second week in June and our local committee and state leader of county agents are anxious that I should be here through the drive if possible. They feel that the experience of handling this organization work will be valuable to me wherever I may be in the future as well as being of assistance to them here. It occurred to me that you might feel the same way regarding the experience. As far as I am concerned I have no preference. I shall be glad to get on the job in Portage county as soon as possible, but if it would be agreeable to the committee for me to remain here until about June 12 the membership drive would be pretty well completed."

"I am enclosing a premium list in which I think Portage county should be interested. While the time will be too short for us to put on as good an exhibit at the state fair as we could with the whole season to prepare in, we should be able to do enough to get some good advertising. Our soy bean and potato growers in particular should exhibit their best samples. If we could carry off the sweepstakes in soy beans we would use that to good advantage in advertising the 1920 crop."

CHURCH TROUBLE GETS INTO COURT

(Continued from page 1)

not engage a new pastor so long as Rev. Mr. Kile continues to force his way into the church and occupies the parsonage and farm. It is also claimed that the New Hope church is not financially able to employ a pastor of its own; that it must act jointly with the Alban church; and that if present conditions continue the Alban church will find it necessary to join with some other religious society in hiring a pastor, to the exclusion of the New Hope church.

Demand Are Made

The plaintiff in the action made the following demands of the court:

"1. That the defendant N. F. Kile be both temporarily and permanently enjoined from entering the plaintiff's said church and from attempting in any manner to minister to the plaintiff's congregation as its minister of the gospel.

"2. That both said defendants be both temporarily and permanently enjoined from in any way breaking into or entering said church and from the opening of its doors or the breaking of its locks or in any other manner whatsoever interfering with said church.

"3. That the defendant N. F. Kile be commanded permanently to vacate and remove from plaintiff's said church, said farm and said parsonage with his family and belongings.

"4. That as incidental to said injunctive relief that the plaintiff do have and recover of and from said defendants its damages for the injuries that it and its church and buildings have suffered by reason of said unlawful acts of said defendants.

"5. For such other, further and different relief as the plaintiff may be entitled to upon the proofs and for its costs."

County Court Acts

When the case came before the Waupaca county court, Judge William N. Martin ordered the defendants to show cause before the circuit court why Rev. Mr. Kile should not be permanently enjoined from entering the plaintiff's church and attempting in any manner to minister to plaintiff's congregation as its minister of the gospel and why Rev. Mr. Kile should not be commanded permanently to vacate and remove from the plaintiff's church, farm and parsonage with his family and belongings. Pending action, the county court enjoined the defendants from breaking into the plaintiff's church and interfering in any way with the church property.

In Circuit Court

The case came before Circuit Judge E. B. Park at Waupaca on May 8, when the court, on affidavit of Rev. Mr. Kile and motion of his attorneys, ordered the plaintiff to show cause why the injunctive order issued by the county judge should not be modified. In his affidavit Mr. Kile stated that he has been preparing a class of eight members for confirmation on June 6, meeting with the class at the parsonage once a week for purposes of instruction. He also said it is customary to hold confirmation services in church.

Answer Is Made

In answer to Rev. Mr. Kile's affidavit, Ben Halverson, chairman of the board of trustees of the church, and Carl Anderson, a member of the church, said that Rev. Mr. Kile had made no announcement regarding a confirmation class until after it was voted to demand his resignation. They also said that immediately after that meeting Rev. Mr. Kile announced meetings every week, a thing which he had not done before, and later began mid-week meetings. The congregation, they said, tried to arrange for services to be conducted by another minister, Rev. Mr. Muldrum, but Rev. Mr. Kile threatened to make trouble for Rev. Mr. Muldrum if he attempted to conduct services. Regarding the confirmation class, Messrs. Halverson and Anderson contended that the class comprised only one-third of the confirmants in the congregation; that parents of other confirmants had frequently complained to

them that they could not allow their children to be instructed and confirmed by Rev. Mr. Kile; that several who had registered in the class had quit and sought instruction from neighboring pastors and that others were waiting until a new pastor is installed. They contended that the welfare of the congregation and its members would be best served by not allowing Rev. Mr. Kile to officiate at confirmation or other services in the church prior to further meeting any members thereof.

Church Officials Called In

Rev. T. S. Kolste of Iowa, president of the Scandinavian circuit of the Lutheran church, verified the statements made by Messrs. Halverson and Anderson. He said he had attended the meetings of the Alban and New Hope congregation, when charges of immoral conduct were preferred and considered against Rev. Mr. Kile. He and several others, including Rev. Mr. Norby, president of the district of this part of the synod, and U. G. Sijan of Madison, a member of the church board, and several pastors from different congregations had been called in, he said, as advisors. Rev. Mr. Kolste said that after hearing proof of the charges and after the vote against Rev. Mr. Kile, he and other church heads, including President Norby, advised Rev. Mr. Kile to immediately cease to officiate as minister in the plaintiff's congregation.

CHARLES E. HILL DIES

FORMER WELL KNOWN RESIDENT OF STEVENS POINT EXPIRES IN DENVER, COLO.

Charles E. Hill, a former well known resident of this city for many years and a conductor on the old Wisconsin Central road and the Soo line, died on May 7 at his home in Denver, Colo., according to information which has just been received here. The cause of Mr. Hill's death was not given. Funeral services were held in Denver on May 10, under Masonic auspices and burial took place in Crown Hill burial place in that city.

The late Mr. Hill was born in Vermont and was past 60 years of age. He came west when a young man, residing for a time in Merrill and afterwards coming to Stevens Point. The family occupied the Ossowski house at the corner of Normal avenue and Smith street during its residence here, leaving for the west 10 or more years ago. Mrs. Hill died in the west. One son and several daughters survive. The family home has been in Denver most of the time since its members left this city.

The deceased will be remembered by many of the older residents of Stevens Point both in railroad and fraternal circles. He held membership in Evergreen lodge No. 93, F. & A. M., and Forest chapter No. 34, R. A. M.

NEW DEPOT IS NEEDED

SO SAY RESIDENTS OF JUNCTION CITY, WHO WILL PETITION RAIL COMMISSION

Junction City wants a new depot. Residents of that Portage county village are now circulating a petition to be filed with the Railroad commission of Wisconsin, demanding that the commission order the Soo line and Chicago, Milwaukee & St. Paul railway to erect a new station there. The present depot is 40 years old, they say, and is not only too small, but insanitary. It is expected that the commission will order a hearing on the question for the near future.
J. R. Pinner of this city has been engaged as attorney by the petitioners.

Society and Women's News

The marriage of Miss Loretta T. Leary and Simon Roseth, both well known Stevens Point young people, occurred Saturday at St. Stephen's parsonage at 7:30 o'clock, Rev. J. C. Hogan performing the ceremony. The single ring service was used. The attendants were Nell L. Leary, sister of the bride, and Dr. Myron Moen of Edgar. The bride wore a blue traveling suit with a corsage bouquet of sweet peas and similar.

Following the ceremony a wedding breakfast was served to a few friends and immediate relatives at the bride's home after which Mr. and Mrs. Roseth motored to Junction City where they boarded Soo passenger No. 1. They will spend a week in St. Paul at the home of the groom's sister, Mrs. Emil Fonstad and upon returning to Stevens Point will reside at 112 Center street, where a furnished home awaits them.

The bride is a daughter of Mrs. J. E. Leary, 601 Water street and since the fall of 1917 has been employed at the First National bank, resigning her position as auditor on April 15. She previously had attended the State Normal for several years and then taught in Portage county schools.

The groom is a son of Mr. and Mrs. O. L. Roseth, former residents of Stevens Point but who now reside near Junction City. He is graduate of the local high school and also studied at Madison for a time. Mr. Roseth now holds the position of first assistant cashier at the Citizens National bank, having been an employee of the institution for the past seven years.

Miss Susie Knitter and Joseph Knich were married at 9 o'clock last Tuesday morning, May 11, at St. Casimir's Catholic church in Hull, Rev. J. Sokol officiating. The attendants were Miss Kathryn Knitter, Clara Knitter, Julius Obrautz and Mike Knitter.

A wedding celebration was held at the home of the bride's parents in Hull, concluding with a dance in the evening at Shuda's hall, attended by a large crowd. Among the guests were Frank Knich of Appleton and John Knich and Miss Clara Knich of Junction City.

Mrs. Knich was formerly employed in the Bukolt factory in Stevens Point. Mr. Knich is an employe of the Soo line car repair department. The couple will make their home in this city.

Miss Blanche Halverson, daughter of Mr. and Mrs. Chris Halverson of Amherst and Arthur C. Stoltenberg, son of Mr. and Mrs. John Stoltenberg of New Hope, were married at 8 o'clock Saturday evening by Rev. Theodore Ringen at the parsonage of Trinity Lutheran church in this city. The attendants were William J. Stoltenberg and Miss Stella Quinn.

The following couples have applied for marriage licenses at the court house: Joseph F. Hein and Regina J. Hirzy, city; Theodore Cholewinski and Mary Duglik, city; Martha Dudzik and John Wayer, city; and Nick Wisniewski of Plover and Michalina Drewa, city.

A farewell party was given in honor of Mr. and Mrs. M. C. Bunnell Thursday evening at the home of Frank A. Resch, 719 Michigan avenue. The evening was spent in playing progressive hearts. Mrs. S. B. Parks and M. C. Bunnell won first prizes and Miss Florence Erickson and W. C. Henning second prizes. Mrs. O. B. Pooler and D. I. Smart won the consolations. Refreshments were served. Mr. and Mrs. Bunnell were presented with several gifts.
Mr. and Mrs. Bunnell are moving to Abbotsford to make that place their future home. Their many friends regret their departure from the city and wish them good fortune and happiness in their future home.
Mr. and Mrs. Bunnell left Friday for Abbotsford.
